

# Career Planning Portal

Offer your members the resources they need to research, plan and develop their careers and be a career advancement hub. Using world-class technology, YM Careers provides your members with access to the most current industry trends, career content and professional development.

## Career Advice

Provides career planning articles for professionals to utilize as a resource to prepare for every step of their career path.

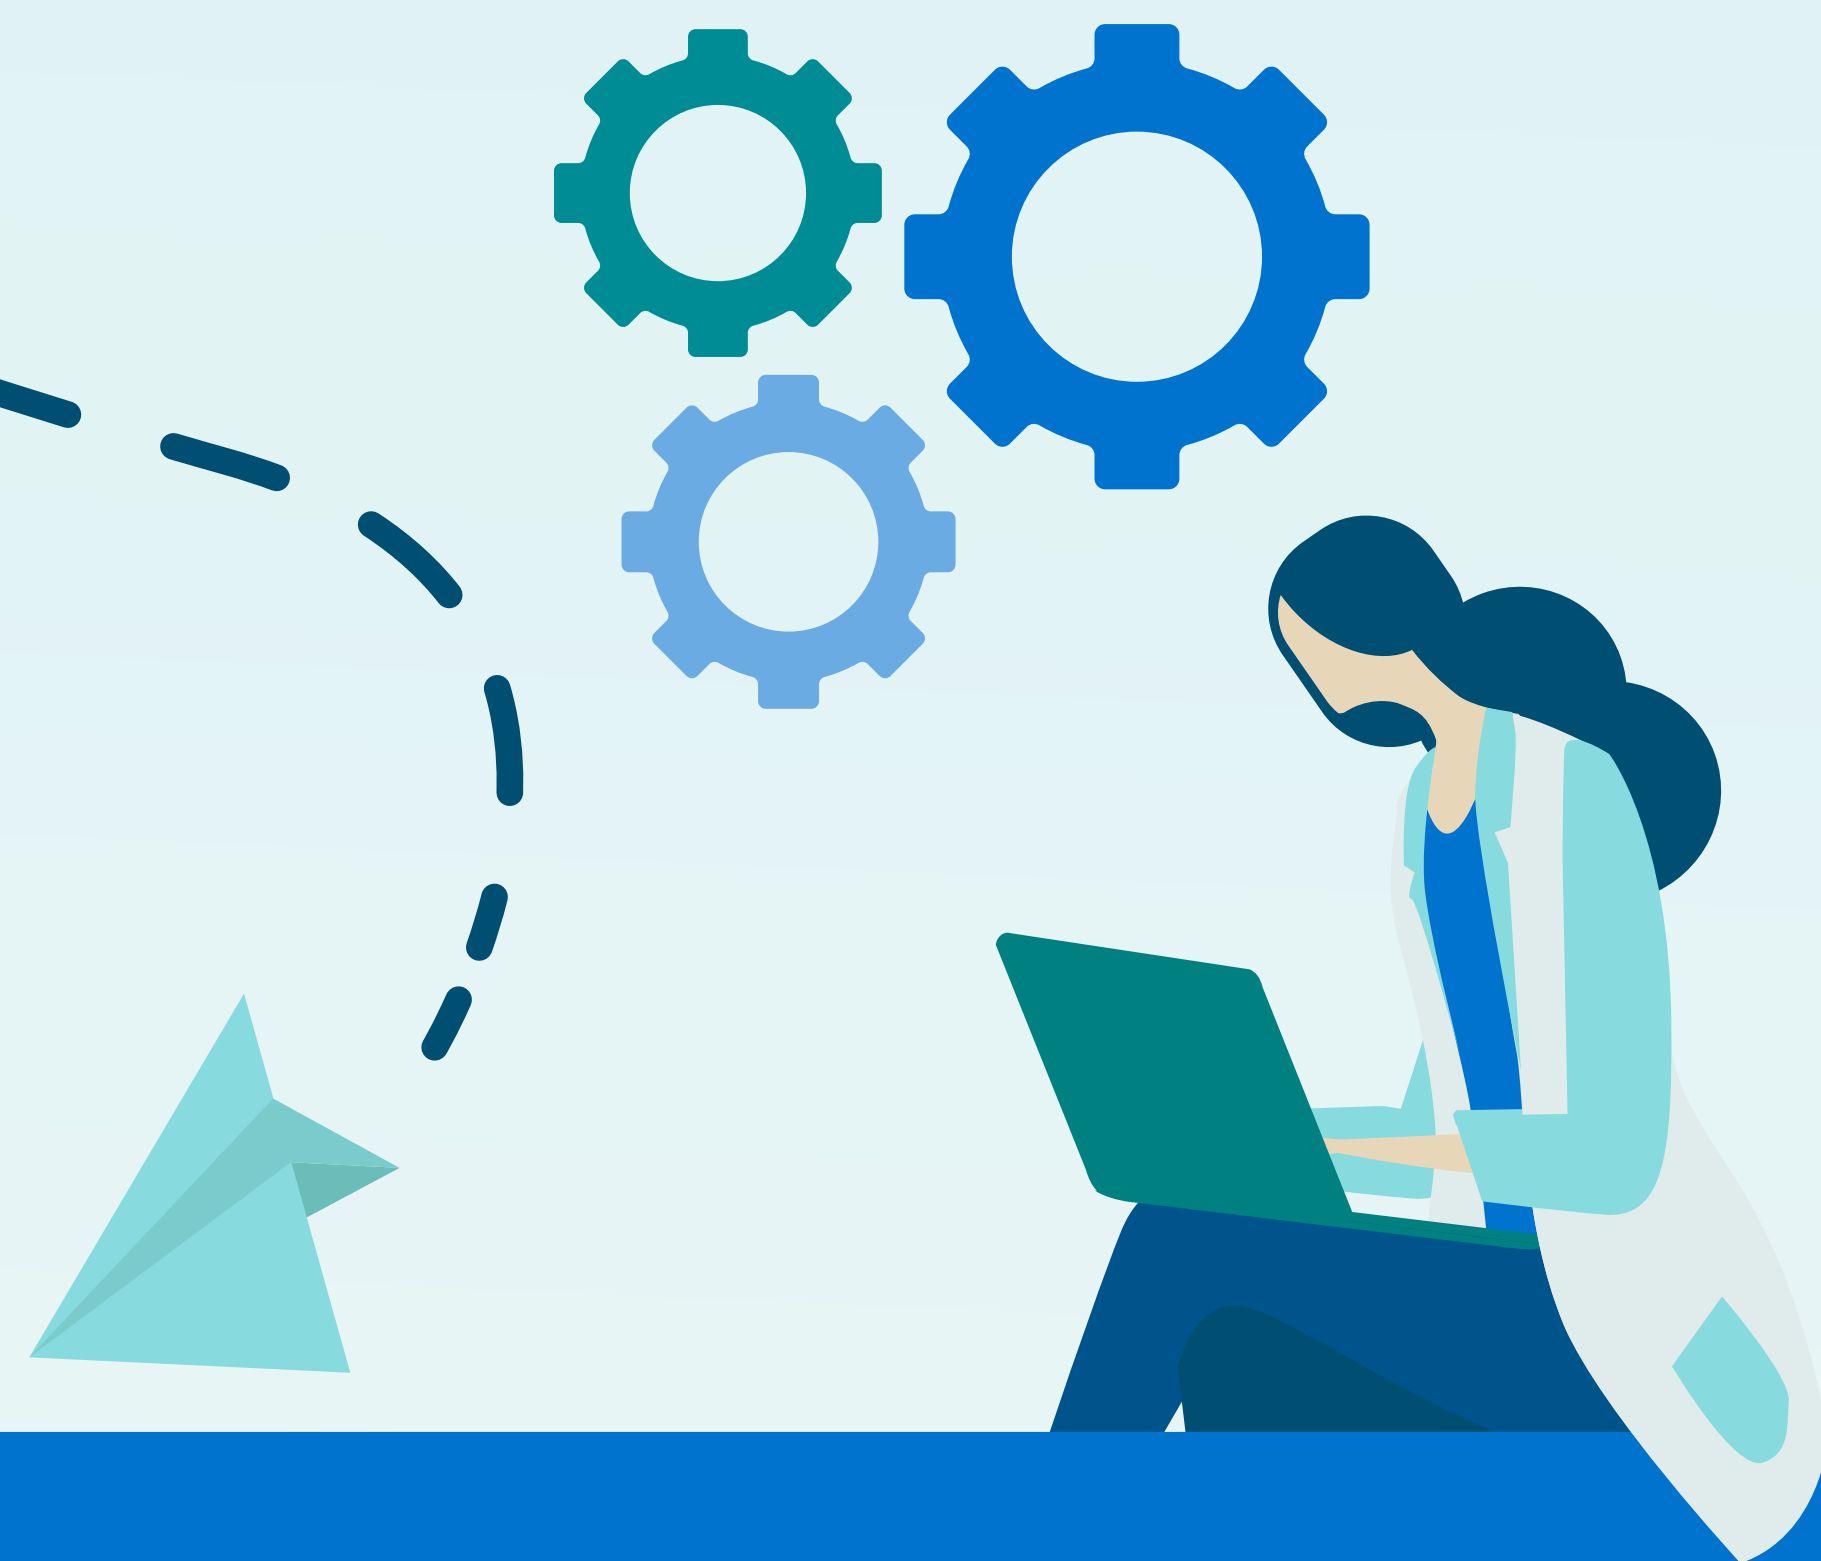

## Career Coaching

Matches professionals with a dedicated Career Expert who will guide them in career planning, resume building, negotiation, and interviewing.

## Career Insights

Helps professionals identify their dream job by exploring salary, responsibilities, and job growth opportunities to guide their next career steps.

## Career Paths

Provides clear direction for professionals to navigate their journey including each step/advancement along the way to their final career goal.

## Give your members a career advancement hub

On top of providing professionals with a comprehensive collection of career resources, Career Planning Portal will increase member engagement, establish your association as an industry thought leader, and drive non-dues revenue. Your association's members trust you to foster their career, so choose a career planning solution with features and benefits above and beyond what others provide.

Career Planning Portal by YM Careers gives members access to relevant industry career content and resources to help them plan for career success, making your association the ultimate career planning destination.
